I always like backup. As Christine can tell you, I occasionally can't find things on my own computer!

Thanks for all the lists -- will archive. Hopefully nothing is going to happen to you -- seems like an episode of Mission Impossible!

Please keep a copy of this for the new company. This is my list (culled from 24 years at ATK). This list is on the main server at ATK, although I haven't updated it in about 3 months (I have the updates though).

I just want to make sure that you have this list, too. I'm going to send you **two more** list (also stuff I created) for the new company.
Again, these are lists are created for ATK. I don't think the national list is on the ATK server though.

Thanks!
